

SmartCut™ Hand Protection

BKCR303

HPPE / Nylon/Synthetic GLF
Fiber Composite, CR Level A2 Shell,
Polyurethane Coating

Brass Knuckle® BKCR303

OSHA estimates that over 70 percent of hand and arm injuries could be prevented with the proper protective equipment. And that means considering form and fit as well as function, because often, lack of compliance is the greatest challenge to workplace safety.

Ideal Markets

Construction | Electrical Assembly | General Assembly | Glass Handling | HVAC | Manufacturing | Vehicular Construction | Receiving Areas | Sheet Metal

THE TRIPLE THREAT DEXTERITY, GRIP, MEDIUM CUT PROTECTION

BKCR303 is a premier medium-duty glove choice for applications requiring cut resistance and dexterity. The ultra-high-molecular-weight polyethylene fiber offers ANSI cut resistance level A2 protection, and the thinner, 13 gauge material facilitates dexterity.

A solid-gripping glove, the 303 is further enhanced by a non-sticky polyurethane (PU) coating on the palm and fingers. Polyurethane, compared to other coatings, can deliver enhanced puncture protection and abrasion resistance, all without adding bulk or reducing touch sensitivity. The 303 is an optimal medium-duty material-handling work glove.

CUT LEVEL **A2**

SmartCut™ Hand Protection

BKCR303

HPPE / Nylon/Synthetic GLF
Fiber Composite, CR Level A2 Shell,
Polyurethane Coating

1. Polyurethane coating on full fingers and palm. Ideal choice for dry and light-oil applications. Delivers excellent grip, even against oils, fats, and greases. Polyurethane's soft and flexible coatings improve tactile sensitivity.
2. Smooth grip enhances abrasion resistance.
3. UHMWPE knit is a high-performance fiber offering a strength-to-weight ratio that is 8 to 15 times higher than steel. Excellent dexterity balances well against ANSI cut level A2 protection.
4. Uncoated back and wrist improves ventilation.
5. Color codes simplify re-issuing and spot checking for compliance. Brass Knuckle® gloves with CR level A2 feature a black Brass Knuckle logo. Color-coded cuffs indicate glove size.
6. Full knit wrist — seamless and stretchable — provides a snug fit and prevents dirt, debris, and cold from getting inside glove.

Brass Knuckle® SmartCut™ PLBKCR303

We designed the 303 to provide enhanced flexibility and deliver the right balance of mechanical protection, performance, and comfort for medium-duty jobs.

Size	Cuff Color	Shell/Coat	Pack Sz	Part #
6	Red	Salt & Pepper/Gray	12 pair	BKCR303-6
7	Blue	Salt & Pepper/Gray	12 pair	BKCR303-7
8	Green	Salt & Pepper/Gray	12 pair	BKCR303-8
9	White	Salt & Pepper/Gray	12 pair	BKCR303-9
10	Black	Salt & Pepper/Gray	12 pair	BKCR303-10
11	Purple	Salt & Pepper/Gray	12 pair	BKCR303-11

WARNING: Cut-resistant gloves are extremely cut resistant but not cut proof. Do not subject to high-speed or highly serrated blades. Always disconnect power before cleaning or removing sharp blades.
